HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic.

THE GREAT REMEDIES

FOR ALL DISEASES OF

THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, the moment one is out of order with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, &c., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,*
PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever: PROSTRATION OF THE SYSTEM, induced by Severe Labors, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion rendered sound, the sallow, yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time writhing heavily upon them, will find in the aforesaid remedies, definite as he is to deserve a large part of it. Remember, the "Globe Inn" is in York street, but near the Diamond, or Public Square.

DOTY'S CLOTHES WASHER.

Extract from Report of Farmers' Club, N. Y. 1867.

"WASHING MACHINES.—Wm. D. Osborn, Port Byron, Cayuga county, N. Y., asks: 'Will the Club give us its opinion of Washing Machines?' Is it economy to pay fourteen dollars for one of Doty's machines? Will it wash farmers clothes clean, and not be too hard work for the women?' Washing machines have so generally proved failures that I am afraid of throwing away my money upon one.'"

"SOLON ROBINSON.—If you had to pay ten times the money you mention, it would be the best investment you ever made upon your farm. But you must not have that alone. Get the Universal Clothes Wringer with it, and your wife and children will rise up and call you blessed. For they will find washing made easy."

AIR—"*Ole Dan Tucker.*"

Sam Ulysses he got drunk,
Fell in the fire and kicked up a chunk,
Kicked up a chunk and broke his shin,
Guess that he won't do it again.
Out of the way, Sam Ulysses,
Out of the way, Sam Ulysses,
Out of the way, Sam Ulysses,
You've no chance for the loaves and fishes.

Simpson lived on a trottingtrack,
Carried Washburne on his back,
Cut his corns with a scaky-wheel,
Which gin him the jim-jams in the heel.
Out of the way, Hiram Simpson,
Out of the way, Hiram Simpson,
Out of the way, Hiram Simpson,
The White House chair you'll get no glimpse on.

Useless Hiram came to town,
To buy two pups fr m Marshal Brown,
Looked in a glass and tumbled down,
Took six weeks to fetch him roun',
Out of the way, Ulysses Hiram,
Out of the way, Ulysses Hiram,
Out of the way, Ulysses Hiram,
Chaps like you we don't desire 'em.

A SLIGHT MISTAKE.—In a New Hampshire town there lived an ignorant, irreligious, worthless family, Ransom by name, no member of which had been seen inside a church within the "memory of the oldest inhabitant." The village pastor, after years of failure, had at length "almost persuaded" two of the younger scions to promise attendance for one Sabbath; but the fear that they would be the subject of some personal remarks still deterred them. They were in great terror lest they should be publicly upbraided for their misdoings, and called to account for their wickedness. After much exertion their fears were quieted, and on the following Sunday the eyes of the good pastor's congregation were astonished at the unwonted presence of the aforesaid Ransoms. All went well until the reading of the second hymn, which was the familiar "Blow ye the trumpet, blow," etc. Imagine the effect when, at the end of the line, "Return ye *ransom'd* sinners home," the elder of our heroes seized his hat, and, with long strides toward the door, shouted, "Come along home, Bill; I knowed they'd be flinging it at us if we came here."

A GENTLEMAN who had carefully trained up his servant in the way he should go, so that when his wife was present he might not depart from it, sent him with a box-ticket for the theatre to a young lady. The servant returned when the gentleman and his wife were at dinner. He had, of course, been told, in giving answers to certain kinds of questions, to substitute the masculine for the feminine pronoun in speaking of the lady.

"Did you see him?" said the gentleman, giving him the cue.

"Yes, sir," replied the servant; "he said he'd go with a great deal of pleasure, and that he'd wait for you, sir."

"What was he doing?" asked the wife, carelessly.

"He was putting on his bonnet," was the reply.

There was "fat in the fire" immediately.

A GENTLEMAN, on a visit to Washington, one day, very coolly opened the Senate Chamber door, and was about to pass in, when the door-keeper asked:

"Are you a privileged member?"

"What do you mean by that?" asked the stranger.

"A governor, an ex-member of Congress, or foreign minister," was the reply.

The stranger replied that he was a minister.

"From what court or country?" asked the official.

Very gravely pointing up: "From Heaven, sir."

To this the doorkeeper very waggishly remarked:

"This government at present holds no intercourse with that foreign power!"

A PERSON, late on a Saturday afternoon, hailed an Englishman, as he was skillfully essaying the wily fisherman's art for trout, with "Halloa, there! got anything?"

"Got anything? of course not. I only came here last Wednesday," was the reply, as the patient angler once more cast his patient fly.

"SAMUEL, my darling," said a fond mother to her son, "I've not seen your book for several days or more—where is it?"

"I know where it is."

"Well, where?"

"Why it's only lost a little—kinder in the barn, or around out doors, some'ers, guess p'raps in the garret or behind the woodpile."

AN anecdote is told of ex-President Buchanan, when, having cleared a man of homicide, he refused a fee, saying to his client: "Do you take this money and move away; use it to begin life again. Stop drinking and go to church, and that is the best way to pay me." Tradition relates that the man came back after a period of years, repentant and well-to-do, and thanked the old lawyer.

To shake off trouble, you must set about doing good to somebody. Put on your hat, and go visit the poor; seek out the disconsolate and console them; bind up the wounds of the afflicted, and in so doing you yourself will be filled with the oil of joy.

THE Des Moines *Register* says the grasshoppers recently ate up a half acre of tobacco for a man near that place, and when the owner went out to look at it they sat on the fence and squirted tobacco juice in his eyes.

A LECTURER was dilating upon the powers of the magnet, defying any one to show or name anything surpassing it. A hearer demurred and instanced a young lady who used to attract him thirteen miles every Sunday.

A MR. SMITH, out West, got the idea into his head that he had a cancer in his stomach, and killed himself. A *post mortem* examination showed that it was a mistaken idea.

WAR INCIDENTS.

A soldier who was in the Army of the Tennessee, relates the following:

On the evening of Sunday, after the firing had ceased at Shiloh, and Buell had disposed of his forces for the work of the ensuing day, he for the first time expressed a desire to see General Grant, and an aid being dispatched, that officer, attended by a few members of his staff, made his appearance, Grant apparently unsteady, and this time minus the everlasting cigar.—Buell, almost bursting with indignation, drew aside from the mingled staffs, and motioned Grant to follow him out of earshot, when the following colloquy (as reported by two reposing soldiers, one of them a drummer in an Ohio regiment, and an intimate acquaintance of mine,) took place:

Gen. Buell—"Well, sir, is this a display of your generalship; two-thirds of your army retiring since daylight, being almost massacred by a superior enemy, and the remainder wandering leisurely along the banks of the Tennessee?" (Alluding to Gen. Wallace's, which comprised nearly one-third of Grant's army, and had not seen the enemy during the entire day.)

"Well, General," replied Grant, "I did the best I could; I was not expecting this attack, and Wallace has neglected either to move on the enemy's flank, or come to my assistance."

Gen. Buell—"You were aware of the proximity of the enemy; why did you dispatch Wallace on a wild-goose chase while the enemy were concentrating on your front? Besides, sir, General Wallace denies having received any order during the day from you. And, now, Grant, if this is the best you can do, God help the soldiers placed under your charge, for from what I can see you are not worth the powder to blow you to h—ll"

Buell, unable to contain himself longer, joined his staff.

The above facts are as well known in the Army of the Tennessee as the names of the actors.

THIS is the way they dispense with military government in the South:

DEPARTMENT OF THE SOUTH,
Atlanta, Ga., Aug. 1, 1868

General Orders No. 1.

I. In conformity with General Orders No. 55, Headquarters of the Army, Adjutant-General's Office, Washington, July 28, 1868, Major-General Meade hereby assumes command of the Department of the South, composed of the States of North Carolina, South Carolina, Georgia, Alabama, and Florida.

II. Posts and disposition of troops in the States of North Carolina and South Carolina will remain for the present as now ordered, and commanding officers of posts will report direct to these headquarters.

III. The departmental staff will for the present be the same as the staff of the late Third Military District. All general staff officers and others on staff duties, not specially assigned by the War Department, will report by letter to these headquarters, through their respective chiefs of staff department.

By order of Major-General Meade:

S. F. BARSTOW, A. A. G.

Official: C. D. EMORY, A. D. C.

Or whereas Meade commanded, under the name of the Third Military District, three States, he now, under the name of the Department of the South, commands five. "Posts," "disposition of troops," and "the departmental staff" remain as now, nothing being changed but the name of the satrap, and yet this is a withdrawal of military rule. What a tricky set these fellows are.

THE HAPPY FAMILY.—It is amusing to notice the good feeling and unanimity now existing in the Radical family. Ben. Butler calls Henderson a perjurer; Henderson calls Butler a thief and a liar; Butler says the Chicago platform means greenbacks; Sumner says it means gold; Stevens says it is a scheme to swindle the taxpayers; Sherman says it means greenbacks; Greely says gold; Forney is noncommittal; Grant don't know the difference; Washburne insists that to pay in greenbacks and tax the bonds is repudiation; Morton don't see it; Grant says "let us have peace;" Congress says "arm the loyal negroes;" Grant says he has no policy; the people say he hasn't sense enough to know right from wrong.

WHO MADE UP THE ARMIES?—The Harrisburg *Telegraph*, in replying to some remarks by an ex-rebel named Williams, says:

Unfortunately for the argument of Mr. Williams, about as many of the rebels who fell in battle against their country were killed by bullets fired by Democrats as by Republicans.

Here is a clear admission, from a paper which has constantly denied it, that there were as many Democrats as Republicans in the Union armies. They fought gallantly to preserve the Union, and, now that the war is over, they are doing vigorous battle against the Radicals who would keep it divided and make the negro supreme in the South. Not only the Democratic soldiers, but thousands who were Republicans will refuse to support Grant or such a platform.

THE New York *Round Table*, a literary journal with Republican tendencies, makes the following admission:

"If we closely compare and weigh the two present candidates, Grant and Seymour, and are able to consider their merits apart from political bias, it is impossible to deny that the latter, by natural intellectual powers, by education, by social culture, by experience in public affairs, is infinitely the fitter man of the two to be President of United States."

A CORRESPONDENT from Florida craves a hearing:

"I think the Northern tax-payers who make their living by honest toil, should know that for two months the government has been distributing free rations to the negroes in this State. In Leon county, where the negroes registered about 2,700 voters ['2,868], some 85,000 rations were issued last month alone. Do you give free rations to the laborers of the North?"

"THE American House of Representatives," says the London *Saturday Review*, "stands lower in morality and statesmanship than any similar assembly in civilized countries." To this condition has Radical rule reduced the nation.

PRENTICE says the negro with the ballot is like a monkey with a razor. In shaving himself he'll cut his own throat.

RASCALITY AT HARRISBURG.

[From the Morning Patriot of Tuesday.]

Not less than one week ago, we presented from a Radical paper in Lancaster, an account of a sharp transaction between Representative Armstrong and a certain Ilyus, both of Lancaster county, by which seven hundred dollars were filched from the treasury of the State. This is the account which passed through the office of Auditor General Hartranft, and was paid by the State Treasurer:

(Copy.)

Commonwealth of Pennsylvania:
To A. C. ILYUS, *Dr.*

To salary as paster and folder, session of 1868, $700 00
To mileage, (80 miles circular,) 12 00

$712 00

Ilyus never held the place of a folder, in the Assembly. He failed to get an appointment, and went home. He did not perform one day's service to the State. He remained at home all winter. He acknowledges that Armstrong telegraphed him at the end o. the session to come, and get his pay. He did come, and drew the amount stated above, which is a copy of the account in the office of the Auditor General.

We have called on the Auditor General, Hartrauft, who passed this account, on the Speaker, Davis, and the Clerk, Selfridge, who certify the accounts, for an explanation of the transaction. The *State Guard*, whose specialty it is to track down official rascality, has neither explanation or rebuke. They are all as dumb as July oysters.

It is quite certain that the entire responsibility for this fraud does not rest with Armstrong and his man Ilyus. They must have found in the officers through whose hands this account passed, public servants who are extremely careless of the interests of the people, or who deliberately connived at the fraud.

Are there many more accounts like this in the State Treasury? The people will be interested in knowing whether a stranger like this man Ilyus can walk into the office of the Auditor General, and have accounts for money approved with all this facility. General Hartranft is before the people for re-election, and they will insist on knowing how the affairs of his office are conducted. This case of Ilyus furnishes the ground work for inquiry.

The account may have been duly certified, however, by the Clerk of the House, General Selfridge, and by the Speaker, Col. Davis. If it be so, the information should be furnished the public, so that their share of the responsibility may be fixed on these officers. There is no doubt that there are far guiltier parties in this matter than either Ilyus or Armstrong. Neither of them made a certificate or stated the account. Who did this thing? Was it the Clerk of the House, or the Speaker, or both? Or did Auditor General Hartranft pass the account, without any certificate? The facility with which this little job was accomplished, leads irresistibly to the just suspicion that various other sums have been taken from the treasury, by the parties who are responsible for this operation. Who are they?

DEMOCRATIC VICTORY IN MONTANA.

VIRGINIA CITY, Montana,
August 8, 1868.

Montana sends her cordial greeting to the Democracy of the United States. She declares for the Union, for Peace, for Prosperity, for Economy in the Government, for honesty in the servants of the people. She declares her wish that the military despotism which seeks to establish in permanence a negro supremacy on this continent shall cease, and cease now. She declares her faith that the infamous Reconstruction acts are unconstitutional, revolutionary, and void. She declares her discontent with the Rump scheme to give carpet-baggers, the false and fictitious representatives of 3,000,000 freshly-emancipated blacks, more power in the Senate than all the 14,500,000 white freemen between the Potomac and the Mississippi.

Montana has gone Democratic by a largely increased majority.

JOHN P. BRUCE,
Chairman Dem. Committee.

THE Radical papers are seeing in how many different shapes they can twist Grant's initials—and to help them out, the Norwich *Advertiser* proposes the following:

Useless Seeker Grant.
Usually Slewed Grant.
Unsteady Slander Grant.
Unpopular Soldier Grant.
Unfinished Scholar Grant.
Unreliable Shammer Grant.
Unfortunately Situated Grant.
Unaccustomed Speaker Grant.
Uncomfortably Shackled Grant.
Undoubtedly to be Squelched Grant.
H. U. Grant.
Hard Up Grant.
Half sees-over Usually Grant.
How're U. Grant.

"ANOTHER LIE NAILED."—The Zanesville (Ohio) *Germania*, the only German paper published there, and which has hitherto been Democratic, in last week's issue repudiates Seymour and Blair.—*Beaver Argus.*

There is no such paper published at Zanesville, Ohio, church-member.—*Beaver (Pa.) Local.*

THE fraudulently elected batch of carpet-baggers, who impudently call themselves the Legislature of Florida, have resolved to cast the vote of that State for President. The people of the United States will never allow it to be counted.

A LOYAL LEAGUE in Mobile, on being notified by a landlord to vacate the house they occupied for a headquarters, set fire to it and ran away by the light.

THE RADICAL TICKET.

The Radical County Convention met in Agricultural Hall on Monday, and went through the farce of nominating a ticket. The show was a very dull one, all the performers seeming to labor under the gloomy conviction that it "wouldn't pay."

Josiah Benner was made President, with Capt. Jones and Vincent O'Bold as Vice Presidents, and George L. Deardorff and H. N. Minnigh as Secretaries.

A desirable candidate for the Legislature was the big trouble. Dr. Fahnestock was approached, but he "couldn't see it." Col. Stewart was next mentioned, but he, too, "very respectfully" declined. At last, when there was nobody else left for the place, Charles G. Miller, of Mountpleasant, was taken; and it is said that even he would have declined had he at the time been present.

For Associate Judge, John Picking, of East Berlin, was nominated; for District Attorney, A. J. Cover, Esq., of Gettysburg; Prothonotary, J. A. Kitzmiller, of Gettysburg; Commissioner, J. G. Baschoar, of Union; Director, Ephraim D. Newman, of Franklin; Auditor, J. H. Flickinger, of Berwick borough; and Surveyor, Oscar D. McMillan, of Gettysburg.

Dr. Charles Horner, F. B. Picking and Peter Shively were appointed Congressional Conferees, with instructions to support John Cessna, of Bedford.

Dr. Fahnestock, Col. Buehler and Col. Stewart were appointed Senatorial Conferees, with instructions to support W. D. Dixon, of Franklin county. McConaughy couldn't get even a complimentary nomination.

Wm. King was appointed Senatorial Delegate and I. N. Durborow Representative Delegate to the State Convention—when the curtain fell, and the delegates went home, all convinced that, though the day's work was a poor one, it was about as good as any other convention could have done under the same discouraging circumstances.

LINCOLN'S CABINET.

The fact is no less noticeable than suggestive, that but one member of Lincoln's original Cabinet is now acting with the Republican party, and that one is the notorious corruptionist, Simon Cameron, of Pa. William H. Seward, Secretary of State, has long been pronounced unsound by the Republicans; Mr. Chief Justice Chase, Secretary of the Treasury, has been read out of the Radical party, and is now with the Democracy; Montgomery Blair, Post Master General, has ceased to be a Republican, and now supports the Democratic ticket; Edward Bates, Attorney General, is now a Conservative; and Secretary Welles, of the Navy, has followed the fortunes of Mr. Johnson, who is now more execrated by the Radicals than any other man in the United States. The best men—the very brains—of the Radical party have left it, and it is now being run entirely by such men as John A. Logan, Ben. Butler, Washburne & Co. That they have so managed it as to disgust hundreds of thousands of Radicals is a fact that everybody knows.

EX-PRESIDENT FILLMORE.—An intimate personal friend of ex-President Fillmore, in a letter to the Hon. Alexander H. H. Stuart, of Virginia, says:

"I do not violate private confidence in saying that ex-President Fillmore and the men who honor him for his patriotism and statesmanship are firm supporters of Horatio Seymour."

IN the death and burial of Thaddeus Stevens there was great consistency to his political life. He had negro clergymen to pray at his bed-side in his last moments, and negro soldiers escorted his remains to Lancaster.

JEFFERSON DAVIS.—According to the New Orleans Picayune, this gentleman will in a few months return from Europe, and take up his residence in that city in the agency of an eminent Boston commercial firm.

THE QUESTION OF THE DAY.

The Radical leaders may wake up ere long to the conviction that the stale epithets with which they seek to drown Democratic arguments do not keep the people from noticing the startling fact that in three years of peace the Radical party has wrung fifteen hundred millions of money in taxes from the pockets of the people, and has borrowed eight hundred millions more. That party may be "loil" till it is sick from excess of "loilty;" but that is no return for the money. "What have you done with our money?" That is the people's question. Why were the expenses of the Army and the Navy for the year 1867, $205,522,585, or more money than was required to carry on the Mexican war? Why did it cost, in exact figures, $44,413,151 more to support the army and navy in the year of peace 1867 than it did in the year of peace 1860? Such questions cannot be answered by calling Democrats or their candidates "copperheads" or "traitors;" they are questions of figures, not filth. Throwing the dust of dead issues into the eyes of the people fails to blind them to the fact that thirteen millions more were added to the public debt in the months of June and July. "What has Radicalism done with the people's money?" Ring this question in Radical ears from now till November. It means something. The campaign is a question of dollars, not "vipers;" of hard money, not hard words. The attack on Fort Sumter has passed into the history of the year 1861; the people want to know about the Radical attacks on the public treasury and the people's pockets to-day. "What has Radicalism done with the people's money?" That is the question; that is the issue; and next November the people will decide whether they can afford four years more of Radical corruption and extravagance.

THE HEAVIEST TAXED NATION IN THE WORLD.

The New York *Herald*, though still hankering after Grant, admits that he has no chance of being elected, and charges that his defeat will be owing to the unparalleled extravagance and corruption of the leaders of the Republican party. It claims that we are more heavily taxed than any nation in the world, and proves its assertion as follows:

"If the temper of a people is to be judged by their patient endurance of enormous taxation, the people of the United States are the best tempered in the world, for they certainly are taxed more heavily than any other people and make less noise about it. We have estimated that taxation by the federal government alone, independent of State, county and municipal taxes, amounts to fully fourteen dollars a head—man, woman and child—for the whole population. Take the case of a laboring man with a family of five or six children, and it will be seen that he pays about a hundred dollars a year, which on an average would be about a seventh or eighth of his earnings. Yet, the whole working population pay in one way or another this enormous and preposterous amount of their hard earned money. Nearly one day's labor out of the week the year round goes to the support of the federal Government. The local taxes imposed by the States, counties and municipalities amount probably to nearly as much, for in the end, directly or indirectly, all taxation comes out of labor. Why, in the city of New York we are taxed over twenty-three millions a year—as much as was raised and expended by the United States government thirty years ago. But it is the federal government we speak of particulary now.

The income of the general government last year, reckoning from June 30, 1867, to June 30, 1868, was over four hundred and sixty millions. This, too, in time of peace and three years after the war was closed. If we take the British government, the most expensive of any in the world, and which has a much larger debt than any other, by way of comparison, we shall see that our national revenue and taxes exceed those of great Britain. The total revenue of England from all sources rarely reaches eighty millions sterling, or four hundred millions of dollars. This is sixty millions less than ours, notwithstanding the debt is about double the amount of the interest-bearing debt of the United States, and the English have besides to support a costly royal establishment, and expensive army and navy and the vast machinery of government over colonies and territories covering a fifth of the habitable globe. We might make a comparison with the other great nations and empires of the world and show a still greater difference in the cost of government between them and this country; but England is the most costly and more to the point. *Yes, our republican government taxes the people sixty millions a year more in time of peace than the monarchical and expensive government of Great Britain does the British.*

Congress made a pretence of taking off some of these taxes during the last session. It was estimated they would be reduced a hundred millions or so; *but in fact the reduction was made to favor a few manufacturers and to increase still more their profits and wealth. The people will scarcely feel the change, if at all. Their burdens will remain as heavy as ever or nearly so. Shifting the weight of taxation from a few rather increases it upon the many. The trouble lies in the enormous expenditures of the government and in the extravagant appropriations of Congress.* These are fast eating up the surplus money Mr. McCulloch has in the Treasury, and at the end of the fiscal year we may look for a deficiency. Nothing can be done to relieve the country of the overwhelming taxation that bears upon it till we return to something like the economy of former years. *There is no hope of this till a wiser, a more honest and economical Congress shall be elected, and the administration of the national finances be placed in abler hands.* To this the people should turn their attention and see that in the coming elections these old, corrupt and incapable Congressmen be left at home and a better and more competent set of men be returned in their places.

"THE next election will turn upon this question: Can the Congressional party succeed in their efforts to excite and array the industrial and money interests against each other, or will these unite and turn out the authors of the mischief under which they are all suffering."—HORATIO SEYMOUR.

KNOW NOTHINGISM, however much the mongrels attempt to hide it, will crop out. The New York *Tribune*, which is certainly high authority in the case, says the only objection raised against General Rosecrans when the Senate was considering his nomination as Minister to Mexico, "*was that of his being a Roman Catholic.*" His nomination as Minister to Spain had previously been rejected, no doubt on the same ground. This is in keeping with the acts of a party with a "no policy" candidate for the Presidency, and a Know Nothing candidate for the Vice Presidency.

IN one of Chief-Justice Chase's letters he says: "Four years more of the rule of such men as are now dominating Congress will leave us little of morality and Republicanism worth preserving." This, we suppose, answers the question whether Mr. Chase will support the Democratic nominees. And it ought to answer the question as to whom thousands of conservative and fair minded Republicans will support.

CESSNA'S NOMINATION.

John Cessna, who went over to the opposition because he could no longer get office from the Democrats, will be the Radical candidate for Congress in this district, Bedford, Franklin and Adams having instructed for him. But it seems that he was not able to secure his nomination without some characteristically dirty work, the result of which has been to cause considerable ill-feeling among the friends of Col. Wiestling, of Franklin county. The Chambersburg *Spirit* thus alludes to Cessna's doings there:

On the night before the Convention assembled, John Cessna, with his characteristic modesty, appeared upon the ground, brought here by invitation, to assist in slaughtering Colonel Wiestling in his own county. His friends had been active and had succeeded in having the Convention "set up." And on the ballot being taken, Cessna was declared to be the choice of this county for Congress.

Then came the richest part of the whole performance. Mr. Adams, one of the avowed friends of Cessna, introduced a resolution which was intended as a healing salve for Colonel Wiestling. It eulogized him in glowing language, complimented him upon his services in the field, commended his fidelity to his party and gave him credit for commanding talents. But Col. Wiestling was not in a humor to be "soft-soddered." With the instinct of a gentleman he spurned the proffered compliment, knowing well the hollowness of the friendship which prompted it. Eloquently, earnestly, and with masterly skill, he dissected the resolution and exibited its total inconsistency with the former action of the Convention. The Cessna delegates, who evidently felt that they had been guilty of a mean trick, quailed under the manly words that fell from his lips. Another effort was made to press the resolution, but, with an earnestness and significance that could not be mistaken, the Colonel uttered another vigorous protest, and it was withdrawn.

750,000 NEGROES.

The Radicals have introduced a new element into American politics, in the form of 750,000 negroes. In shaping the destiny of the country, these negroes are to neutralize the votes of *three-quarters of a million* of intelligent white men. In the game of national politics, the military satraps, bureau agents and itinerant demagogues who manipulate this negro vote, will play out their unconscious *black counters* against an equal number of Anglo Saxon freemen. These negroes will wield (including Tennessee) twenty-two votes in the Senate and fifty-eight votes in the House of Representatives of the United States. The Senators from the Negro States will outnumber the Senators representing *two-thirds* of the white population of the Union. The Representatives from the Negro States will outnumber all the Representatives of the great Commonwealths of New York and Pennsylvania.

These negroes will not only exert the political influence accorded to their own numbers, but will also wield the influence belonging to the entire white population of the South. The Radical system of white disfranchisement gives the negroes an absolute majority in most, and a practical majority in all, of the Southern States. The negro majorities will therefore speak not only for themselves, but for the whole population of the South.

This system of Negro Suffrage and White Disfranchisement is not levelled at the Southern whites alone. It is mainly intended to bind and muzzle the white freemen of the North. It is designed to secure the election of Presidents by the Negro Electoral votes. It is meant to procure majorities in Congress by Negro Congressional votes. It is intended to give the Radicals an apparent and artificial strength by counting negroes in the popular vote of the country. In fine, it is specially contrived to perpetuate the rule of the Radical faction, through the agency of negro votes, against the will of the majority of the whites of the nation. Freemen of Pennsylvania, will you kiss the rod and wear the yoke prepared for you?—*Lancaster Intelligencer.*

GOING SILENTLY.

THE New York *Times* (Rep.) says that the Republican party has not half so much to fear from the large numbers who are *openly* leaving its ranks, as it has from the still greater number who will go *silently* to the polls and cast a square Democratic ticket without letting any one know how they have voted! Yes, that is it; there are thousands of men in the ranks of the Radicals who are thoroughly sick and disgusted with the doings of the party, who will go SILENTLY to the polls and vote against them in the coming election, because they fear the ridicule and abuse of their leaders.

"IN order to curse the South with military despotism, negro rule, and disorganized labor and industry, they (Congress) cursed the farmers of the North with taxation, the mechanics with more hours of toil, the laborers and pensioners with debased paper, the merchant with a shifting standard, and the public creditor with a dishonored and tainted national faith."—HORATIO SEYMOUR.

THE GRAND ARMY OF THE REPUBLIC entertained Gen. Grant and his electioneering suite at St. Joseph, Mo., in their quarters, recently, and yet Radicals will tell us it is not a political organization. In 1854 they told us KNOW NOTHING organizations were not political. In 1860 they told us the WIDE AWAKES were not a political organization. And now they tell us that the GRAND ARMY OF THE REPUBLIC, the SOLDIERS' LEAGUE, the UNION LEAGUE, the TRUE LIGHTS and other kindred organizations are not political, while each and all of them are gotten up in the interest of the Radical party, and sustained under false pretenses, to deceive and betray the unsuspecting into the support of the conspirators who would set aside the people's government, and place us under a Military Despotism. Let the people beware.—"Eternal vigilance is the price of liberty."—*Somerset Democrat.*

IT is the solemn duty of every true lover of his country, to come out now against the aggressions and usurpations of the Radical party. Let no personal or selfish consideration, no mere party tie, hold him back. If Grant shall succeed, the country will be ruled by the sword and by a vindictive Radical faction, led by Ben. Butler, in Congress. The Supreme court will be crushed, the Constitution utterly destroyed, and the liberties of the people trampled in the dust.

THE Radicals spend ONE HUNDRED AND TWENTY-FIVE THOUSAND DOLLARS per annum more for Legislative expenses than the Democrats did.

HON. GEORGE H. PENDLETON has gone to Maine to take part in the political campaign.

REINFORCEMENTS COMING!

"Not by Single Files, but Whole Battalions!"

The Jordan *Transcript*, in New York, hitherto Radical, has become a warm and efficient supporter of Seymour, Blair and the Union.

The Schenavle (N. Y.) *Monitor*, heretofore an influential "independent" paper, has come out "strong for Seymour and Blair, and the restoration of the Union."

The Nyask *City and Country*, the only Republican paper published in Rockland county, New York, comes out for Seymour.

The Ulster *Democrat*, published at Kingstown, N. Y., and heretofore a Radical organ, has discarded Grant and Colfax and placed Seymour and Blair at the mast head.

The Greensburg, Indiana, *Expositor*, heretofore a Radical Abolition sheet, has declared for Seymour and Blair. It says that "the German Republicans of Indiana are abandoning that party by thousands and enrolling themselves among the supporters of Seymour and Blair."

The Illinois *Post*, a German Radical paper, has expired, in consequence of the defection of all the respectable Germans of that city who have heretofore acted with the Radicals.

A dispatch from Springfield, Mass., states that the German paper of that city, which has always been well supported, has stopped because it could not find enough German Radicals to support it. *Die Zukunft*, the established organ of the Turners, the largest German organization in America, has taken the Radical party to task for its two-faced platform, and after dissecting it and showing its corruptions, comes out square for Seymour and Blair. That one journal alone will bring thousands of German voters to the Democratic party.

The Hon. H. G. Webb, Republican State Senator from the Twenty-ninth District of Wisconsin, has abandoned the Radical party, and issued an address declaring his intention of supporting Seymour and Blair.

An Ohio farmer writes us in homely phrase, that many "who 'whopped' over to Lincoln in 1864, will 'whop' back to Seymour and Blair in 1868."—*Cincinnati Enquirer.*

The Pittsburg *Post* says it has the names of eighty-two Republicans of that city, who have joined Seymour and Blair Clubs, and will vote the entire Democratic ticket at the next election.

Judge A. S. Blake, of Goshen, Ind., hitherto a leading Radical, publicly abandons Grant and Colfax and comes out for Seymour and Blair.

The Cleveland *Plaindealer* says that Hon. Richard Gregg, of Aurora, Dearborn county, a life-long Whig, and a Republican at the organization of that party, came out in a public speech in Aurora last week for Seymour and Blair.

The Hon. David S. Gooding, U. S. Marshal for the District of Columbia, left Washington city on Friday week, to stump the State of Indiana for Seymour and Blair. He was a Lincoln elector in 1864.

A gallant soldier who held a prominent command in the Twenty-ninth Ohio, informs us that in the town of Andover, in the county of Ashtabula, in this State, fifty men, heretofore Radicals, have joined the Democratic club, and that the county will cast 1,000 more Democratic votes this year than ever before. Also that Ohio is "dead sure" for Seymour and Blair.—*Cin. Enquirer.*

The *Democratic Watchman*, published at Bellefonte, Pa., says:

"Within a circle of five miles from this place, we have the names of forty-three men who have all their lives voted with the opposition, and who are earnestly working for the success of Seymour and Blair."

Gen. A. S. Pitt, who has hitherto been a leading Republican in Logan county, Ohio, made a speech to the Urbana Democratic Club on Saturday week, declaring in favor of Seymour and Blair. The Democratic books are still open, and new enrollments are being made daily.

Ex-Governor William F. Johnson, of Allegheny county, formerly a Radical of the strongest kind, has come out strongly for Seymour and Blair. He made a Democratic speech in Pittsburg a few nights since.

Gen. W. H. Irwin, a gentleman familiarly known to many of our citizens, has taken the stump for Seymour and Blair, in the lower counties of the State. He supported Lincoln in 1864, but having been connected with Gen. Hancock's administration in New Orleans, he had an opportunity of learning the practical workings of Radical reconstruction, and is now one of its most determined enemies.—*Erie Observer.*

The Maysville *Eagle* says the venerable Peyton Key, of Washington, on the third inst., voted the entire Democratic ticket. It was the first time he had ever voted for a man calling himself a Democrat, during a life of more than ninety years, declaring that Radical misrule could no longer be endured.

WILL OF THADDEUS STEVENS.

The will of Thaddeus Stevens was admitted to probate at Lancaster on Tuesday. He gives $1,000 to a Juvenile Library Association at Peacham, Vt., and $500 to the graveyard in which his mother and brother are buried, at the same place. A number of bequests are made to relatives, and $5,000, or $500 a year, to his housekeeper, Mrs. Lydia Smith; and of the residue, if amounting to $50,000, $20,000 is to be expended in erecting, in Lancaster conditionally, or in Columbia, suitable buildings for an orphan asylum, without distinction of race or color. All shall be educated in the same classes, and fed at the same table. The codicil gives the Baptist Brethren $1,000 conditionally, and $1,000 to Pennsylvania College at Gettysburg. The will also contains the following items:

"The furnace property and all other real estate may be rented or sold. The furnace must not be worked longer than to consume the stock on hand. If, at the end of five years, Thaddeus, nephew, shall have shown that he has totally abstained from all intoxicating drinks, the trustees may convey to him one-fourth of the whole property. If at the end of the next successive five years he shall show that he has totally abstained from all intoxicating drinks, they may convey to him one-fourth, being one-half of the property. If at the end of another consecutive five years he shall show that he abstained from all intoxicating drinks, they may convey the whole to him in fee simple. If he shall get married before the house I live in is sold, he shall receive the same and occupy it without sale."

The value of Mr. Stevens's estate is estimated at $300,000.

Seymour and Blair Club.—The Democratic Club of Gettysburg met at the Globe Inn on Saturday evening, to complete its organization. H. J. Stahle, from the committee appointed for the purpose, submitted a Constitution and By Laws, both of which were adopted. The Club then elected the following officers:

President, William McClean, Esq.

First Vice President, Capt. H. Chritzman.

Second Vice President, John A. Atwell.

Recording Secretary, J. Jeff. Myers.

Corresponding Secretary, H. G. Wolf.

Treasurer, Serg't. Wm. D. Holtzworth.

The President was authorized to appoint committees on room, finance, &c.

Upon taking the chair, Mr. McClean made a brief but pointed speech, which was received with applause.

The Club selected Monday evening for its regular meetings—and will therefore meet every Monday evening from this until the Presidential election. All friends of Seymour and Blair are requested and urged to attend.

Corner-stone Laying.—The corner-stone of the new Reformed Church at Littlestown was laid on Saturday last, on which occasion appropriate and interesting religious exercises were had. The pastor, Rev. J. M. Clemens, assisted by Rev. W. E. Krebs, performed the ceremony at the stone, placing therein a copy of Proceedings of Synod, Holy Bible, Heidelberg Catechism, Psalms and Hymns, Reformed Church Messenger, and some silver coin. This was followed by two addresses—one in German by the Rev. Jacob Sechler, and the other in English by Rev. W. K. Zieber. Rev. W. R. H. Deatrich and Rev. W. F. P. Davis also assisted in the exercises. The number of people in attendance was large, and the collection creditable.

The church is to be built of brick, 38 by 60 feet, with a spire. The plan is a beautiful one, and the edifice will no doubt be the same. It is to be completed by the Holidays.

Fatal Accident.—A terrible accident occurred at McKenrick's Saw Mill, in Buchanan Valley, on Friday afternoon last. Jacob Buckmaster, colored, was employed at the mill to bear off the slabs. Whilst thus engaged, he was caught in the strap which runs the circular saw, and carried over a large wheel, nine feet in diameter, crushing his body in a most shocking manner. He died about an hour after. His age was probably sixty years. He leaves a wife, but no children.

Officers Elected.—At Woodsboro', Md., on Monday week, John Loats was elected President, and John Reifsnyder, Lewis Bruner, David J. Markey, J. Alfred Ritter, John Siffbrd, W. H. Falconer, Capt. A. W. Eichelberger and Wm. Rinedollar, Directors, of the Frederick and Pennsylvania Line Railroad Company. The election was attended with much excitement, says the Frederick *Citizen.*

U. B. Camp Meeting.—We are told that the United Brethren Camp Meeting, near Petersburg, will commence on Monday next, and continue until the following Saturday.

Colored Camp Meeting.—The African Methodist Episcopal Camp Meeting, to be held in Wolf's Woods, near this place, is advertised to commence on Wednesday next, the 26th instant, and continue one week. There will be an excursion train from Harrisburg to the camp on Sunday.

Accidental Death.—William Hoover, of Manchester township, last Monday night, arose in his sleep in the second story of the house he occupied, and fell out of the window. He died from the effects of the fall a short time afterwards.—*York Pennsylvanian.*

Adams County Railroad.—An adjourned meeting of the Commissioners of the "Adams County Railroad," was held at the Nelson House, in Dillsburg, on Saturday, August 1st. The meeting was largely attended by those who have direct and indirect interest in the construction of the proposed road. The object of this meeting was to appoint Committees to thoroughly canvass the different townships along the intended route for subscriptions toward a survey, in order that the company may arrive at a pretty correct estimate of the cost, and determine the most advantageous route. The charter authorizes and empowers the company to receive subscriptions to the Capital Stock to the amount of Four Hundred Thousand Dollars, and any additional sum necessary to a completion of the road, whilst the supplement of 1868 gives them the privilege to connect with the P. C. R. R. or *any* Railroad connecting therewith, *wherever* they may deem advisable, and likewise the privilege of extending it from York Sulphur Springs to Gettysburg, or any point in Adams county that the company may consider expedient. Another meeting is appointed for York Sulphur Springs, to be held in Petersburg the 22d inst., when and where the various committees will report their progress, after which it is expected that a survey will be immediately instituted, under command of Gen. W. W. Wright, late Engineer on the U. P. R. Prospects for the construction of the contemplated road are assuming a very cheering nature.

We understand that it is proposed to make Bridgeport or New Cumberland the terminus, in preference to Mechanicsburg, because the road can be more cheaply made, the right of way would be less, and the terminus better for business when made, the chief idea being to get as near the lumber interests as possible, and on a through, instead of a branch road.

College Items.—Dr. Valentine has formally accepted the Presidency of Pennsylvania College, upon the second unanimous request of the Board of Trustees.

The office of Vice President has been created in the College—and Prof. Ferrier elected thereto.

At the meeting of the Board, yesterday week, the nomination of Rev. Reuben Hill as Franklin Professor, made by the Synod of Pennsylvania, was rejected.

The new (Pierson) Professorship was assigned "Greek Language and Literature," and Rev. H. L. Baugher, of Indianapolis, Ind. unanimously elected thereto. The Franklin Professorship will hereafter embrace "Ancient, Medieval and Modern History."

The resignation of Prof. Wilken, Professor of German, was accepted, the Board expressing regret that he felt constrained to tender it. Early provision will be made for a continuance of instruction in this department.

The Commencements will hereafter be held in the latter part of June, the opening and closing of the terms to correspond.

Rev. Dr. Hay was elected Secretary of the Board, in room of D. A. Buehler, Esq., resigned.

Phrenakosmian Re-Union.—According to previous appointment, a Re-Union of the Phrenakosmian Society of Pennsylvania College was held on the 13th instant. Hon. E. McPherson was called to the Chair. Rev. T. T. Titus was appointed Secretary, and Rev. R. A. Fink Treasurer. A report was submitted by one of the active members, exhibiting to the honorary membership the activity of the Society since its last Re-Union.

The following is a condensed statement, beginning with 1862: Total members of Phrena. Society who received honors in seven years, 24; appointments 19. Total members of Philo. receiving honors 7; appointments 5—or more than three-fourths of both honors and appointments taken by Phrena. Society. Of the Freshmen Prize the awards stand 3½ Phrena., 5½ Philo. Of the three Hassler Medals, 2 were taken by the Phrena. and 1 by the Philo.; and both the Graeff Prize Essays have been awarded to the Phrena. Society.

On motion of Dr. Valentine, President of the College, it was resolved that an effort be at once made to raise $1,000, to be invested by the Board of Trustees, and the interest to be applied for the benefit of the Library. The active members headed the list with $105, which was followed by other liberal subscriptions, amounting in all to $650.

Degrees Conferred.—At the Commencement of Pennsylvania College, last week, the degree of A. B. was conferred on the members of the graduating class, and that of A. M. on the class of 1865, viz: Rev. T. C. Billheimer, Rev. M. G. Boyer, C. J. Erdman, Rev. Z. H. Gable, Rev. S. S. Henry, Rev. J. Hillpot, Rev. J. C. Koller, Rev. H. W. McKnight, S. F. Rathvon, Wm. M. Rightmyer, J. M. Young, and E. D. Ziegler. The honorary degree of D. D. was confered on Rev. J. G. Butler, of Washington, D. C., Rev. Lawrence W. Bates, of Baltimore, and Rev. Thomas K. Conrad, of New York.

Accident at Littlestown.—On Monday last, at Littlestown, as Capt. Wm. Lausinger, Francis Elge and John Eline, carpenters, were at work on the cornice of Rufus Duttera's new two-story house, the scaffold gave way, precipitating them to the earth. Though all were more or less bruised, they miraculously escaped serious hurts.

Death of Hon. Thaddeus Stevens.—As already announced, Hon. Thaddeus Stevens, for many years a resident of this place, died at Washington on the night of the 11th instant. The body lay in state in the rotunda of the capitol from Thursday morning until Friday, (guarded by a company of colored Zouaves,) when it was removed, and conveyed to Lancaster—and on Monday interred, an immense concourse of people attending.

Several of the church bells in this place were tolled during the time of the funeral.

—On Wednesday evening week a meeting of citizens was held in the Court house, at which the death of Mr. Stevens was announced and resolutions in eulogy adopted. Hon. J. B. Danner presided, and Dr. C. Horner and John Wilson acted as Secretaries. A committee of twenty-seven was appointed to attend the funeral, at Lancaster.

On Monday afternoon, in the County Court, after the disposition of the current business, the death of Mr. Stevens, as a former member of this bar, was announced, and brief speeches were made by Hon. Moses McClean, D. Wills Esq., and D. McConaughy. The Court directed the proper minute to be made on the record, and then ordered an adjournment.

(For the Gettysburg Compiler.)

Prodigies on the Battlefield of Gettysburg.—On a grape vine in the vinyard of Elias Sheads, near this town, is growing an *apple*. It springs from a grape bud, but whether the latter blossomed for the unnatural fruit is not known, as Mr. Sheads did not notice the strange phenomenon until the other day.

I have examined the prodigious growth, and am satisfied that it is an apple. Several others have examined it, and have arrived at the same conclusion. Can it be possible that nature, in sympathy with the perturbations of our social and political systems, is giving birth to prodigies? Such things have been—so at least history informs us—and surely if they are to be again, they cannot make their appearance on a more fitting theatre than the battlefield of Gettysburg. Here the world is presented with the phenomenon of a spring having the taste and other sensible properties of pure and excellent drinking water, yet imbued with such astonishing curative power that it is rapidly becoming the medicine of the nation.

And in this reversal of the ordinary course of nature, apples may be reasonably expected to grow on grape vines, and grapes on apple trees.

WHAT NEXT?

Pic Nics.—Pic Nics will come off at Cashtown and East Berlin tomorrow.

The Basket Pic Nic of the Union Sunday School at Bendersville will be held (on the 29th) in Wilson's Grove, instead of Bender's as previously announced.

Parade.—The Gettysburg Zouaves will meet at their Armory, for parade and drill, on Saturday, August the 29th, at 1 o'clock, P. M.

If our friends will use preparations for restoring gray hair they should use the best in the market. Our attention has lately been call to an article which has an exsentive sale and a very high reputation, known as Ring's Vegetable Ambrosia, and we are inclined to think that it possesses more desirable and less objectionable qualities than any other in the market. It restores gray or faded hair to its original color in a most remarkable manner, and by its invigorating and soothing properties removes all dandruff and humors from the scalp. Give it a fair trial and you cannot fail to like it. Aug 7. 4t

KENTUCKY ELECTION.—Returns from all but five small counties in Kentucky, for Governor, show the result to be: For Stevenson, Democrat, 111,451, and for Baker, Republican, 28,528; Democratic majority 87,923. Rah for Grant and Grablax!

THE Butler (colored) Zouaves, who set out from Washington as a guard of honor to the remains of the late Thaddeus Stevens, it seems were sent back after getting into Pennsylvania by the managers of the pageant, because it was found their presence was distasteful to the white Republicans and citizens generally. The Zouaves are represented as not being well satisfied with their experience on the occasion.

HON. C. L. VALLANDIGHAM has been nominated for Congress in the Dayton district of Ohio.

SPECIAL NOTICES.

PRUNING WHEN TRANSPLANTING.

We consider it important to shorten back all fruit trees, shrubs and vines, when transplanting. It lessens, by reducing the number of buds, the demand for supply on the roots as soon as that laid up in the bud is exhausted, and it gives increased vitality and vigor to the remaining buds, by giving to them the supply that would have been devoted to those removed, had they been left to remain. There is, however, room for study in the practice of heading-in, because of the vigor of growth and power of producing strong new shoots being much greater in some sorts than others. The peach, for instance, may be cut back to within two feet of the crown, leaving not a limb or twig, and yet the tree in the ensuing fall will be found, under good cultivation, to have made four or five strong shoots, each as many feet long, and with abundant lateral branches. Pursue the same course with the apple, and nine times out of ten the result will be only a few feeble shoots of six inches, with a dead tree the following spring. The pear, when worked on the quince, will bear much more severe pruning back than when on the pear stock; and further, some varieties will endure more severe pruning than other. The grape, when cut back to two or three buds, grows vigorously; but if left unpruned, it struggles a year or two, produces a few imperfect bunches, and is dead. These are some of the many varieties that an observing horticulturist will notice on short practice, and which will soon cause him to feel confidence in transplanting trees at any age, provided he be allowed to prune them back according to their age and habits.—*Horticulturist.*

RANCID BUTTER.—To a pint of water add thirty drops (about half a teaspoonful) of liquid chloride of lime. Wash in this two and a half pounds of rancid butter. When every particle of rancid butter has come in contact with the water, let it stand an hour or two; then wash it well in pure water. The butter is then left without any odor, and has the sweetness of fresh butter. These reparations of lime have nothing injurious in them.

We copy the above from one of our exchanges, the editor of which says:

"We forthwith obtained some of the most rancid butter, and it was bad enough for any stomach that had more sensibility than a wagon wheel. We doctored it as per recipe, and when placed on the table along with new, good butter, very able judges could not distinguish which was the new butter. Here is a fact worth a year's subscription to a paper."

THE LAST MILK FROM THE UDDER.—Dr. Aderson, "Dickerson's Practical Agriculture," says he has found by practical analysis, in one instance, that the last cup of milk drawn from the cow's udder contained sixteen times as much cream as the first one. The separation of cream from milk takes place in part in the udder of the cow, particularly if the cow is suffered to stand at rest for some time previous to milking. If there are people who doubt that there is a difference in richness of milk first drawn from cows and the last drawn, their doubts will be speedily removed by milking half a dozen cows and setting the first half drawn from each cow separated from the other half.

ABOUT TOMATOES.—This healthy vegetable is now used in almost every conceivable shape as food, and for a relish, and among the last, is to stew green tomatoes. This is done by paring half a dozen and slicing them down; then add a little salt and a teaspoonful of sugar, and stew them until they are completely cooked. The juice of the tomato is sufficient, without the use of any water, for stewing. Season to the taste. We speak from the record, having used them during the last ten days, and find them as palatable to our taste as ripe ones.—*Exchange.*

RICE.—One of the best articles of diet, at this season of the year, and a good one at all seasons, is rice. If people would eat plenty of well-cooked rice they would have fewer disturbances of the digestive apparatus.—Rice is both a preventive and cure of "bowel complaints." The Southern crop of this excellent grain will this year reach 66,000 barrels against 45,000 last year.

This world renowned remedy for the unfailing cure of

DYSPEPSIA,

Indigestion, Sick Headache, Sourness or Acidity of the Stomach, Rising of Food, Flatulency, Lassitude, Weariness, Biliousness, Liver Complaint, finally terminating in Death,

are regarded upon the attention and trial of sufferers from this most horrible of all diseases. Dyspepsia shows its ravages in a thousand different forms, in fact, all disorders of the Stomach and Bowels, with all their complaints, such as Sick Headache, Heartburn, Depression, general sense of uneasiness and feeling that you are not well. Food distresses you, rises and sours on your stomach; breath is bad; skin at times flushed and hot; don't feel as if you could eat meat, and the worst of all, Indigestion or Constipation, are nothing more or less than Dyspepsia. Thousands upon thousands suffer and die this way and neither themselves or physicians know what ails them except that they are surely dying.

Reader, we repeat it, this is all Dyspepsia. If you would have proof of our statement, if you would save yourselves and children from an early grave, if you would have health and energy and strength, again we beg you try one bottle of

COE'S DYSPEPSIA CURE.

You will see how soon it will dispel your bad feelings and gloomy forebodings. How soon it will change every species of Dyspepsia. How soon it will give you new life and vigor, and how soon it will make a well man or woman of you. For your own sake, for the sake of everybody suffering, we beg, we entreat you to try it,

For Liver Complaint & Bilious Derangements

It is a Sovereign Remedy, while for Fever and Ague, and all those diseases which are generated in a miasmatic climate, it is a certain preventive and cure.

That its wonderful medicinal virtues may not stand alone on our statement, we append a few unsolicited testimonials from those whose position in society and reputation for truth will place their evidence beyond all question, and carry with them strength and conviction to the most incredulous.

Mr. Lester Sexton, a wholesale merchant of 30 years, in Milwaukee, one of the most reliable and careful men in the State, says, under date

MILWAUKEE, Wis., Jan. 24, 1868.

MESSRS. C. G. CLARK & Co., New Haven, Conn.

Both myself and wife have used Coe's Dyspepsia Cure, and it has proved PERFECTLY satisfactory as a remedy. I have NO hesitation in saying that we have received GREAT BENEFIT from its use.

Very respectfully,

(Signed) LESTER SEXTON.

(From Rev. E. F. Ward, Avon, Lorain co., O.)

MESSRS. STRONG & ARMSTRONG,

Gentlemen—It gives me great pleasure to state that my wife has derived great benefit from the use of Coe's Dyspepsia Cure. She has been for a number of years greatly troubled with Dyspepsia, accompanied with violent paroxysms of constipation which so prostrated her that she was all the while, for months, unable to do anything. She took, at your instance, Coe's Dyspepsia Cure, and has derived GREAT BENEFIT FROM IT, and is now comparatively well. She regards this medicine as a great blessing. Truly yours,

Jan. 13th, 1868. L. F. WARD.

(From Rev. Isaac Aiken, Allegheny, Pa.)

Joseph Fleming, Druggist, No. 94 Market Street, Pittsburg.

SIR:—I take great pleasure in stating that, after having suffered from dyspepsia for about fifteen years, at some periods much more than others, I was induced to try, by the use of Coe's Dyspepsia Cure. My friends know that of late years my case has been an extreme one. I had great suffering from eating any kind of food, and on an average would vomit about one-third of my meals, in a sour and painful manner. Often the severe attacks would come, I would lose all strength and be utterly helpless. Some of the attacks would be so severe that *for days together* I would not retain anything on my stomach, save a little dry toast and tea. For years I knew not what it was to pass five consecutive hours without intense pain. From the FIRST BOTTLE of this medicine I ceased vomiting, gradually all soreness passed away, and flesh and strength returned, and ever since I have been able to eat any kind of food set upon the table. Six months have now passed without any symptoms of the return of the disease. My case was considered by all my physicians, so marvelous, that for a time it was feared it might be fictitious; but I am now well convinced that I have been not merely relieved, but permanently cured, that I can conscientiously recommend Coe's Dyspepsia Cure to all victims of dyspepsia.

ISAAC AIKEN,
Late Pastor of the Beaver St., M. E. Church, Allegheny.

CONCLUSIVE EVIDENCE.

NEW HAVEN, Oc., June 2, 1867.

MESSRS. C. G. CLARK & Co.

GENTS:—Being anxious, from the great benefits derived, to assist in spreading the fame of Coe's Dyspepsia Cure, I would state my case. Something over a year ago, I had a violent attack of Diarrhœa, with its attendant ills, during which time I employed three physicians, but without relief, until I tried Coe's Dyspepsia Cure. The first dose helped me; I took it three times a day for a week, and was entirely cured; and I believe to-day that it saved my life. Being attacked in a similar way this season, I took one dose, which put me all right. I would advise every family to keep it on hand ready for immediate use, in case of Summer or Bowel Complaints.

C. DUNN,
E. ARNOLD & CO.

The above Mr. Dunn is in our employ, and we can vouch for the above statement being true.

Coe's Dyspepsia Cure

will also be found invaluable in all cases of Diarrhœa, Dysentery, Colic, Summer Complaints, Griping and in fact every disordered condition of the stomach.

Sold by Druggists in city or country everywhere at $1 per Bottle, or by express on receipt of price.

RING'S
VEGETABLE AMBROSIA
IS WHAT IT PURPORTS TO BE,

A GENUINE HAIR RESTORATIVE, changing Gray, Light, Red or Faded Hair to the *Dark, Lustrous Hue of Youth*, which so adorn youth or age. It will positively eradicate Humors and Dandruff from the scalp, and where there is life in the glands, will cause a new growth of Hair to put forth on bald spots. Thousands are testifying to the above.
